

**Dear Massanutten Owners & Guests,**

Whether we've been fortunate enough to welcome you to the Resort this summer or you enjoyed the season in another locale, I hope this fall preview finds you enjoying yourself. Summer is indeed a busy time, both at the Resort and in general, with family gatherings, community BBQs, travel and explorations. It's truly the season to get out and do things, often in big groups brimming with energy.

This fall at Massanutten, we invite you to **escape into the great outdoors** and savor the memories of the summer while building new ones in a more tranquil and, perhaps, smaller group setting. Whether you are looking to celebrate an anniversary, repeat one that was celebrated in a larger setting in the summer, or get away with another couple now that the grandkids are in school or your children are in college, **Massanutten Resort is here to make that happen.**

Hiking, dining, or relaxing on the deck, we love the fall season for creating opportunities for longer conversations and easier strolls and hikes with more pleasant temperatures. Our [Fall Planning Guide page](#) lists many options for groups of any size including great options for a reunion, company event, or church gathering. Your favorite classic amenities are returning plus we have added a few new touches to make your vacation all the more spectacular, including a **one-of-a-kind Escape Dinner, Hike & Paint, expanded services at the Spa including HydraFacials, E-Bike Tours on the Western Slope, and a couple's cooking class** that is sure to be enjoyable and provide inspiring ideas for the upcoming Holidays.

**A few additional specifics include:**

- Empty Nest "We are Free" Happy Hour
- Couples Reconnect Series
- Uncorked Art
- History Tour throughout the Valley in a small group setting
- Massanutten Premier Lodging Experiences & Club Service Experience
- Affordable Fall Lodging Deals

To learn more about all the above and much more, we hope you visit us often at [www.massresort.com](http://www.massresort.com) and/or have already downloaded our [Resort App](#).
